

# PENNY BLUE

— XO —  
SINGLE ESTATE  
MAURITIAN RUM

**T**RAVEL into the heart of our sugar cane estate and there you will discover the oldest distillery in Mauritius. Medine has been making rum since 1926 and it is here that our limited edition XO Mauritian rum has been matured in Cognac, Whisky and Bourbon casks.

Doug McIvor from Berry Bros. & Rudd, the world's oldest wine and spirit merchant, and Jean Francois Koenig, Master Distiller from Medine Distillery, combine their expertise to select individual casks at the very peak of their maturity.

Created in small batches, each one with its own personality, our rum is bottled on the estate and is, by definition, rare and finite. Penny Blue is always natural in colour and is not chill-filtered in order to preserve the heart of the rum.

## PENNY BLUE, NAMED AFTER THE WORLD'S RAREST STAMP

Printed in Mauritius in 1847, the Penny Blue stamp immediately became a collectors' item because of its inscription. A mistake by the engraver resulted in it reading "Post Office" rather than the usual "Post Paid". From the thousand stamps printed at the time, only twelve are believed to be in existence today.

### Facts for the Collector - Batch #001

- Penny Blue is distilled, aged and bottled at the Medine Estate in Mauritius
